OPEN CALL for one-to-one art

The call is open from 1.2. to 10.3.2024.

We invite you to propose your one-to-one artwork for our festivals. One-to-one art means works by one artist presented to only one person at a time. We welcome works from all artfields. Disabled artists are also welcome to participate. You can propose your work to the Kehä-festival in Oulu, Finland (held on 30.10.–2.11.2024.), to the One-to-one Festival in Lisbon, Portugal (held on 15.–17.11.2024) or to both.

We are looking for three kinds of artworks:

- 1.** Private encounters where the artist and “the audience of one” meet in a closed space & artistically stimulating framework.
- 2.** Performances etc. where contact between the artist and the participant can be viewed by a larger audience.
- 3.** One-to-one work with the audience that builds up to an exhibition, concert, etc.

We want to give the artists a freedom to explore different possibilities of the artform. What is possible only in one-to-one art? The works can last from a few minutes to a couple of hours.
